

OASIS REST INTERNATIONAL

ANNUAL REPORT

2024

Every Christian leader, on every major continent, given access and opportunity to be refreshed through R.E.S.T.—Retreat. Encouragement. Safety. Transformation.

When Does a Moment Become a Movement?

As a pastor for over 20 years, R.E.S.T. was rarely on my radar. Who has time to retreat when the needs are overwhelming? How do you walk in encouragement when you're always pouring out? Where do you find safety when all eyes are on you? And how do you experience transformation when you're burdened by the past? We were so busy serving, building, and achieving that we nearly lost sight of the One who says, "Come to Me, and I will give you rest."

By God's grace, a series of crisis moments became a glorious movement that transformed our lives. This isn't theory. We've walked this path, know the pitfalls, and have discovered: R.E.S.T. changes everything. And now, with you, we're sharing this hope with the world.

"This was exactly what I needed to refocus on Christ"

“As lead pastors, it is so difficult to find a place where you can be completely transparent without fear of judgment, repercussions, and gossip. Selah was that place for us!

Having a couple who understand the trauma of ministry able to speak into our situation was so valuable.”

- A Guest at Selah Oasis

“Our family has been serving in a leadership position in our organization, and has never had the funds to take a week long retreat all together. It was glorious! The space was designed for rest and refreshment, our hosts were so encouraging and willing to help. We spent time in personal and family prayer, went on revitalizing hikes in nature, and returned to our ministry refreshed and encouraged.”
